SAVOX® HS-C

Helmet-com® unit with
bone conduction microphone

The new SAVOX® HS-C is a compact and light weight helmet-com unit for professionals working in extreme and hazardous conditions. The SAVOX® HS-C provides instant, clear and reliable "hands-free" communication, increasing personal safety and work efficiency, allowing full concentration on the actual task.

Thanks to the unique arm/strap fastening system the SAVOX® HS-C easily mounts in almost any type of helmet without any tools. The convenient bone conduction microphone is voice sensitive and makes a perfect combination with a breathing mask.

The SAVOX® HS-C is the ideal communication solution for fire and rescue, special task operations - simply whenever using a helmet. The intrinsically safe SAVOX® HS-C connects to most SAVOX® com-control/PTT units adapting to most types of two-way radios.

New more compact design!

SAVOX® HS-C with single speaker and coiled cable

SAVOX® HS-2 with dual speaker and straight cable
